## POW-R Performance™ Diesel Fuel Enhancer

Ultra low sulfur diesel (ULSD) will help reduce emissions, but it will also lead to many more consequences in your vehicle. The most obvious problems are higher fuel costs, lower lubricity, lower BTU's which means less energy and power, lower mileage, less stable fuel, and more deposits in the fuel system.

### Penray has the solution!

Pow-R Performance™ Diesel Fuel Enhancer is the ultimate performance product. Pow-R Performance™ Diesel Fuel Enhancer is designed to provide a boost to cetane, add lubricity, keep the engine clean, increase your fuel's performance, and keep your vehicle operating at the ultimate performance level.

- ULSD compliant- contains less than 15 ppm sulfur
- Ready for use in all fuels, including BioDiesel
- Enhances lubricity
- Improves cetane
