

3 Step Kit

FUEL INJECTION AND AIR INTAKE CLEANER KIT

- Designed for use by professional technicians only
- Cleans carbon deposits on valves and combustion chambers
- Ends rough idling
- Lubricates the air intake system and the injectors
- Adds special corrosion protection
- Reduces emissions
- Removes deposits that cause poor fuel mileage, engine knocks, missing, stalling, hesitation, surging, and hard starting
- Cleans injectors
- Cleans area other products cannot reach
- Will not harm protective coatings
- Helps improve gas mileage

Penray 2312 Intake Valve Deposit Cleaner

Introduced into the intake system with Penray's Professional Intake Cleaner Kit (303-IV or SP300-FI), this solution cleans carbon deposits on valves and in combustion chambers.

Penray 2412 Air Intake Cleaner

Sprayed into the air intake system, this product cleans where other products cannot reach. It ends rough idling, lubricates the air intake system, adds special corrosion protection, reduces emission, and will not harm protective coatings.

Penray 2112 Fuel Injector Cleaner

After adding to fuel tank, this strong formula will help remove deposits, clean injectors, and provide lubrication that will enhance smooth injector operation. This should be used as a tank additive after cleaning with Penray 2312 Intake Valve Cleaner.

*New Low Emission Formula
