- Conditions ATF, improves shifts and protects against wear
- Kit contains: 3182 High Mileage Oil Treatment, 1112 Cool-Tec® 2 Cooling System Treatment and Penray 6536 Universal Atf Protectant
- For professional use only

STEP 1: PENRAY 3182 HIGH MILEAGE OIL TREATMENT

Cars are built to last longer, but they still need some TLC along the way. Keep your engine running at optimum performance with Penray High Mileage Oil Treatment. Helps stop leaks due to drying, hardening or shrinking of seals. Keeps the engine clean with superior detergents. Counteracts the effect of oxidation with acid neutralizers. Protects internal engine parts against deterioration, bio-fuel residue and condensation with advanced corrosion inhibitors.

STEP 2: PENRAY 1112 COOL-TEC® 2 COOLING SYSTEM TREATMENT

Cooling system treatment with coolant stabilizer. Eliminates corrosion and scale build-up. Slows the formation of solder bloom. Rebuilds and maintains pH levels. Compatible with all types of antifreeze.

STEP 3: PENRAY 6536 UNIVERSAL ATF PROTECTANT

Synthetic technology, great conditioner for ATF. Helps reduce micro-pitting on internal gears and components.
