

Get the Same Great Need-Release® Technology

In a New Application.

Introducing NF2095 for Cummins ISX Engines

Need-Release® is compatible with all conventional, extended-life, long-life, OAT, NOAT, HOAT, GO-5, and automotive coolants

Need-Release® is compatible with all colors of coolant: pink, fuchsia, red, orange, yellow, green, blue, brown, and water

Need-Release® fixes coolant problems

Need-Release® eliminates concerns about top-off fluids

Need-Release® repairs organic acid and extended life flaws

Need-Release® eliminates the need to drain, flush, and refill your system

Need-Release® helps eliminate down time

Need-Release® lasts 150,000 miles, 15 months, or 3,000 hours guaranteed!

Maybe that's why Penray coolant technology is first fit at Freightliner, Kenworth, Mack, Peterbilt, Sterling, Volvo, and Western Star. Not to mention approved for use by every major engine manufacturer. So use Need-Release and don't worry.

If you have questions about your cooling system, please contact Penray today!
